

TFX-5000 Ultrasonic Clamp-on Flow Meter

The TFX-5000 is the latest in transit time meters from Badger Meter. The TFX-5000 ultrasonic clamp-on meter is quickly and easily installed without cutting or tapping the pipe. A highly capable meter, TFX-5000 provides advanced features for flow or energy measurement without breaking your budget.

Advanced Technology for Demanding Operations

- Non-invasive clamp-on ultrasonic transit time flow meter
- Large, bi-directional flow measuring range
Reynolds, ultrasonic speed and temperature compensation
- Connects to BEACON AMA and AquaCue flow analytics.

When Price and Performance Matter

- Superior solution at a competitive price.
- Built-in data logging & real-time clock to time/date stamp alarms, log flow rates, totals and track flow velocities.
- Modbus RTU, BACnet MS/TP and Ethernet communications

Easy Installation and Lower Cost

- Non-invasive, clamp-on ultrasonic
- Cut material & installation costs.
- No head pressure loss.

APPLICATIONS

- Produced water
- Water for Injection
- Tank Batteries
- Water Mains
- Reclaimed Water
- Booster Pump Stations
- Lift Stations, and many, many more

Still have questions? Pembina Controls has been partnered with Badger meter for over 25 years. Our knowledge and expertise is trusted industry wide. We carry stock on all standard sizes in both calibrated and non-calibrated for prompt off the shelf delivery.

We understand you have a choice where you send your business.

When you choose Pembina Controls and our manufacturing partners, our goal is to ensure you are so impressed with our products and service, that you are confident in recommending us to you colleagues, clients and friends.
